

Happy New Year!

Hope that you had a fabulous Christmas and that you are looking forward to a fun-filled 2019! I have a selection of new offerings which will hopefully help make that a possibility...

Firstly, I've been updating [my fabrics](#) and have added the following to the repertoire:

#### PERTEX-TYPE TECHNICAL NYLON

#### GLOSSY PU-COATED NYLON

## OLD SKOOL CRISPY NYLON

## SUPERSOFT 80S SPORTSWEAR NYLON

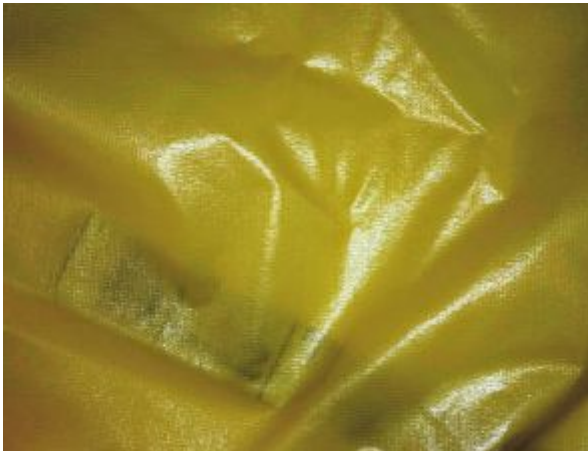

In addition to these fabrics which will be generally available to all customers, you can also choose from the following brand new limited edition [Members Only fabrics](#) which are available exclusively to [members of ShinyShortzRyan.com](#). (Fabric codes visible once you have logged in.)

# MEMBERS-ONLY FABRICS

PERTEX-TYPE TECHNICAL NYLON

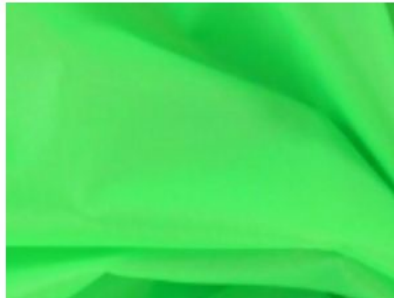

PU-COATED NYLON

2-TONE SHIMMER SATIN

RIPSTOP NYLON

SHIMMER COATED NYLON

This shimmery fabric is particularly shiny and metallic, and has a lovely soft backing to it. I'm using it for Hipster shorts here:  
<https://www.shinyshortzryan.com/store/p212/ssr-shimmer-nylon-hipsters.html> or you can log in as a member and get the code to have it made into any of my currently available designs.

As regards other new designs, check out my new [Hi-Cut Footy Shorts...](#)

You can have them in any of my fabrics and they can be finished without trim, with narrow/wide/narrow vertical stripes on the side or with double trim around the legs.

I've also got a quantity of black gauze which I've used to create these [Footy or Hipster shorts](#) for those of you after something a bit daring!

Finally, check out some experimenting that I've been doing with strong polythene...

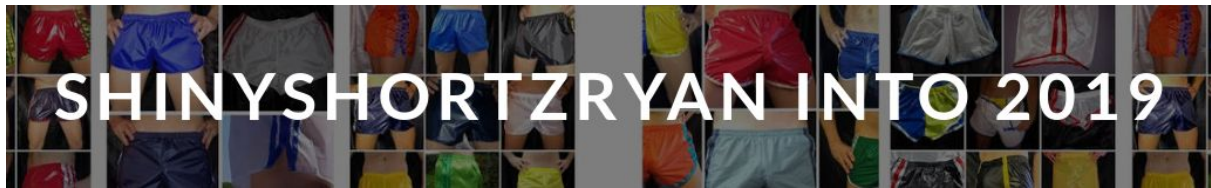

This polythene is the same stuff that you would normally find being used for strong refuse sacks. **It's therefore not woven like a regular fabric and will not last forever!** However, take care with it and you should be able to keep it looking good for a fair while. It will certainly shine nicely and create that wet look that's always very popular.

Keep an eye on my [store](#) and these will be available for sale very soon, hopefully in a range of different colours (although I suspect that the black will be the most popular!!!)

Just before I go, I wanted to say a big thank you to those of you who have already helped me by investing in the ShinyShortzRyan business. This has enabled me to buy an overlocker machine, the results of which you'll be seeing coming through in the products made over the past month or so.

You can find out about how I am trying to raise additional investment for new machines, fabrics and developing my sewing and design skills [here](#). Donating will earn rewards and freebies, meaning that you can get back what you put in! See what you think and let me know if you have any ideas for other areas into which I could put any funds that are invested.

Last but not least, here's your New Year discount, which will be valid through to the end of February...

That's everything for this month. More than enough to keep us occupied! Don't forget to keep an eye on my [News/Offers](#) page and my social media feeds for updates and offers, and feel free to contribute your pics to my [Customer Gallery](#) if you're feeling the urge to show off your purchases!

All the best and thanks once again for your support and custom.

Ryan ;-)
