

Dear All,

Well, it's been a crazy few weeks here in the UK, with our hottest ever temperature and floods all in the space of a few days. Thankfully, I didn't need to hole myself up in the workshop on the hottest day, but now that it's all normalising a bit after the heatwave, it's back to business as usual.

I've been particularly inspired on the creative front lately and you can see some examples of what I've been up to in my [monthly photo blogs](#) supported by Google Photos.

First up, I've launched these [Onion-Skin Side Panel Shorts](#) within the "Design Your Own" range.

I can do the side panels as wide as you want, depending on how daring you want to be - just put in a request when ordering.

Want the side panels wider like this? No problem! Just ask.

Next up in the onionskin developments, we have my new '[Flopitova](#)' range

Simply flop it over to whichever side suits your mood and away you go! These are available in as 'Design Your Own' shorts, so choose from all of my available fabrics and add stripes, trim and other optional extras if you want.

And to complete the trilogy of new onionskin options, I have developed these '[Letterbox](#)' sprinter shorts...

Same idea as the 'Flopitova' shorts, only this time there's no hiding if you're suddenly feeling shy! Only for the brave... There are various different modifications available and you can always get in touch with me if you want any more substantial alterations to the design - I enjoy a challenge!

I recently discovered the joys of using reflective trim in place of the satin trim that I usually use for stripes. Therefore, I couldn't resist offering you the option to [Design Your Own REFLECTIVE TRIM](#) shorts...

With the dark days of winter around the corner, what are you waiting for? Safety is paramount!

You can order these in all available styles of shorts and there's no reason why I can't do the same with trackies, so just get in touch to discuss if you want some made up for you.

Finally, as regards new products, you can now order these ["CHEVRON" sprinter shorts...](#)

Again, they are in the 'Design Your Own' range, so choose any fabric and trim combination, add extras if you want and create your own unique look ready for the beach or wherever...

As I mentioned last month, I have been developing a 'Submit Your Size Requirements' form, which enables you to give me up to date information about your size. This is now finished and ready for use, so find the link on my [Sizes and](#)

[Fabrics page](#) and fill it in if you want me to have an up to date reference point to work from whenever you place an order.

If your size doesn't quite match any of the above options, you can submit your size requirements to me by clicking the button on the right >>>

SUBMIT YOUR SIZE REQUIREMENTS

You'll be able to edit and refresh this information at any time, or you can submit multiple entries if you like different sizes for different products, e.g. if you like your sprinter shorts close-fitting but your trackies nice and loose! I hope that this will make life a bit easier if you find that my standard sizes don't quite fit the bill.

I've added some new fabrics for August. These are so new that I've not had time to make up products with all of them, but I'll do so over the coming days. They are all in limited supply, so will be available to [Members Only](#).

If you like the look of any of these, head on over to my [Members Only Fabrics](#) page and get the codes. You can also buy the shorts that I will be making up to show off the fabrics on my [Ready Mades](#) page.

If you like these fabrics but these particular designs don't meet your needs, just [contact me here](#) to discuss your design ideas and I'll see what I can do.

The 30% OFF Summer 2019 discount code applies right through to the end of August and you can use it as many times as you want, provided the total value of your order goes over £100.

FROM 1 JUNE TO 31 AUGUST 2019

As ShinyShortzRyan has grown, time has become my most precious commodity. I work solo and that's the way I like it. However, this does mean that in busy periods, I can go for long stretches without a day off. Not a big problem in itself, as I'm happiest when I'm busy, but a bit of rest and recuperation is always necessary in the end. Therefore, I've had a rethink on the discounts and I'm going to offer discounts from now on to those of you who don't mind waiting a few extra days. This will enable me to plan and ring-fence my days off and will give you the discounts you deserve in return for your patience.

These ['Happy to Wait' discounts](#) will be available permanently and they can be reused every time you order. Just choose how long you are happy to wait in addition to the [current waiting time](#) shown on the Shop page and the discount will increase accordingly.

I'll continue to offer additional alternative discounts from time to time, so keep an eye out for those on my [News/Offers](#) page.

That's all for this month. I hope that you have a great August and don't hesitate to get in touch with me if you have any questions or requests. Please just be aware that I'm taking a proper break over the middle two weeks of September, so get your orders in before then if you want to avoid any delays.

All the best and I look forward to being of service to you again soon.

Ryan ;-)
